Human Resources Manager,

Human resources Department.

Dear Sir/Madam,

Application for the Internship

I am srimali udayangani and I am a second-year undergraduate student at Informatic Institute Of Technology, where I am studying a B.Eng(Hons)in Software Engineering degree through the University of Westminster in the UK. I'd want to join your prestigious organization as a intern. As a first step toward exploring internship options at your prestigious organization, I have included my CV. With my ability to design and implement software and work as part of a team with a variety of people, I am confident that I will be able to make a substantial contribution to your company and achieve my software development objectives. I will make great effort to finish the tasks assigned to me in order to ensure your entire satisfaction.

I am ready to work with various technologies, customers and working cultures as an enthusiastic learner and have an interest in working with your company as my best. A few of the skills that I possess are Web Designing and Developing, Designing Mobile Applications and providing software solutions. I'm skilled and experienced with HTML5,CSS3, JavaScript, MySQL, PHP, Java, Flutter, Python, Adobe Photoshop and etc.

Please contact me on 0758426837 or srimaliudayangani850@gmail.com if you have questions, or if you would like to arrange an interview. I look forward to meeting you with your company to further explore job possibilities

Thanking You,

Yours faithfully,

R.A. Srimali Udayangani.
