

FRONT-END DEVELOPER

SRIMALI UDAYANGANI

As a dynamic frontend developer with a passion for creativity and a solid foundation in web and mobile UI development, I specialize in crafting visually stunning and user-friendly interfaces that seamlessly blend functionality with aesthetics. With a keen focus on UI/UX design principles, I excel in delivering modular, scalable, and responsive frontend solutions across diverse platforms. My dedication to innovation keeps me abreast of cutting-edge technologies, ensuring I remain at the forefront of industry trends. Driven by a pursuit of excellence, I am eager to contribute my expertise to forward-thinking projects that drive meaningful change in the tech industry.
